

Ring Size Guide

Before measuring your ring size, be sure this guide is printed in A4 Letter size & scaled to 100%
You can check the accuracy of your print by positioning a credit card on the line below or placing the correct coin in one of the labelled ring sizes. If the card or coin lines up you're all set

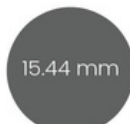

Option 1: Measure by Matching Your Ring to find your ring size, use an existing ring that fits you well. Match the inside of that ring with one of the circles below. When your ring has been placed on the right size, you should see only the grey circle- with no coloured space- inside your ring. if your ideal fit falls between two sizes, we recommend choosing the larger size..

Option 2

Just get an existing ring that fits comfortably on the finger you're wanting the new ring for. Using a ruler, measure the inner diameter of your ring, then refer to our Ring Measurements chart below for the correct size.

Alternatively, you can send us an image of the ring placed on the ruler as shown in the above image our team will help you find the correct ring size

24	20.28
25	20.6

Option 3

After you cut out the ruler, carefully cut the line to create a slit. Wrap the ruler around your finger at the base and pull the tapered end through the slit. To make sure the ring will fit comfortably, we suggest also measuring your knuckle. We recommend selecting a size that goes on and off your finger easily.

Sizing availability is specific to each product, though some larger rings can be sized down. Ring size may also vary slightly depending on style of the ring.
